Tickets will be on sale December 26, 27 and 28 with final light January 1 Association will begin Friday night, December 27, and close Monday night, December 30.

The Association is to be congratu lated upon getting the services as principal lecturer of Supt. J. M. Greenwood of Kansas City, Mo., who is facetiously spoken of as the "corn-bread and butter-milk educator of the West.'

The Child Story movement which perhaps began, for this State, at Tallahassee three years ago, will undertake to prove its claims this year, and its Committee, through Prof. H. E. Bierly, Chairman, are preparing for one of the most elaborate displays of instruments material and literature ever assembled at any similar occasion in the South. This display will be worth several thousand dollars.

The Kindergarteners and Mothers' Clabs are fully aroused and will have their exhibit in the Armory at Ocala. the Committee will give to the teachers and public an object lesson in this phase of education.

The schools and county systems that had at the State Fair such a remarkable display of work are expected to make a similar display at Ocala.

The school for the deaf and blind at St. Augustine, will give an exhibition of the kind of work that is done including the moral and religious training of

For the first time in the history of the Association will a Governor of Florida honor the teachers by coming to their Association-Gov, Jennings will be with us and will address the Association in his felicitous style.

The Rev. Sam. P. Jones, who has per-

wider range of territory than any other minister or speaker now living, and who to-day commands the respect and atten tion of the American people as never before, will lecture Saturday night, and preach Sunday, December 28th and 29th.

The afternoon and evening of Sunday will be devoted to short addresses from some of the most noted State divines, upon subjects that connect the teacher with duties in Sunday school and church work. We have no hesitancy in saying that this period, because of its practicalness, will be one of the most profitable of the entire session.

The citizens of Ocala having found that the Association promises to be too large for any single auditorium in the city, have rented a large tent for the oceision. This tent will seat comfortably 2,000 people and will be well lighted and heated. Nothing will go undone that human brains and skill can furnish for the perfect comfort of our Association.

Our rates and invitation will embrace the public and not be confined to teach-Very respectfully,

SHELTON PHILIPS. Nov. 28, 1901. Chinn, Ex. Com
